Hi Branwen,

Great to chat to you and Katura just now on the phone. After discussing with you, I agree that we need to come up with a qualifying standard that indicates our athletes will be competitive yet also fair due to the cancelation of so many events due to covid. With that being said, I would recommend the following as our qualifying standard:

1. Reached a PSA world ranking within the top 200 in the last 3 years
2. Reached top 2 at our National Championships in the last 3 years
3. Qualified for Pan American Games and CAC games for singles and doubles in the last 3 years

Please let me know if you have any questions.

Kind Regards,
Micah

Hello Again,

If you want to use past qualifying standards that is also okay. The BOA is making some difficult decisions right now about B'22 because of the limited spots that we have.
Feel free to call me at 703-8149.

Branwen

Importance: High

Good Afternoon,

The BOA needs the Squash qualifying protocols/standards for the Birmingham '22 Commonwealth Games. Please send this in immediately as the Standards Committee can not consider any athletes for these games until we have the BSRA qualifying information. Can you send this in today ?

Thanks

Branwen

Good afternoon Branwen,

Please find attached our Squash longlist for the 2022 Commonwealth Games. I apologize for getting this to you so late in the day.

Kind Regards,
Micah
